

CREATE SERVICE INSTANCE (CLOUDANT DB)

Date	06 November 2022
Team ID	PNT2022TMID45702
Project Title	AI-based Localization and Classification Of Skin Disease With Erythema

Step 1:

The screenshot shows the IBM Cloudant console interface. The main area is titled "Select an environment" and has two tabs: "Multitenant" (selected) and "Dedicated". Below the tabs, it states: "Your instance will be running securely on environments with shared resources." Under "Available regions", there is a dropdown menu showing "Dallas".

The "Configure Cloudant instance" section contains the following fields:

- Instance name:** A text input field containing "Cloudant-v1".
- Resource group:** A dropdown menu showing "Default".
- Tags:** A text input field with placeholder text "Examples: env:dev, version-1".

On the right side, there is a "Summary" panel for the "Cloudant Lite" plan, which is listed as "Free". The summary includes the following details:

- 20 Reads/sec
- 10 Writes/sec
- 5 Global Queries/sec
- 1 GB Storage

At the bottom of the "Summary" panel, there are two buttons: "Create" (highlighted in blue) and "Add to estimate" (with a plus icon).

Step 2:

The screenshot shows the IBM Cloud console interface for configuring a Cloudant instance. The browser address bar displays the URL: `cloud.ibm.com/catalog/services/cloudant?bss_account=d11956f7f9644d88841f320eba8e388e`. The page title is "Cloudant - IBM Cloud".

The main content area is titled "Configure Cloudant instance". It includes the following sections:

- Multitenant** (selected) / **Dedicated**: Your instance will be running securely on environments with shared resources.
- Available regions**: A dropdown menu showing "Dallas".
- Instance name**: A text input field containing "Cloudant-zd".
- Tags**: A text input field with placeholder text "Examples: env:dev, version-1".
- Authentication method**: A dropdown menu showing "IAM".

A notification box titled "Service created" is displayed, stating: "The service might take time to provision. You are being redirected to the resource list now." The notification has a close button (X).

On the right side, there is a **Summary** section for the "Cloudant Lite" plan, which is listed as "Free". The summary includes the following details:

- 20 Reads/sec
- 10 Writes/sec
- 5 Global Queries/sec
- 1 GB Storage

At the bottom right, there are two buttons: "Create" and "Add to estimate".

The screenshot shows the IBM Cloud console interface for the "Resource list" page. The browser address bar displays the URL: `cloud.ibm.com/resources`. The page title is "Resource list - IBM Cloud".

The main content area is titled "Resource list". It includes a "Create resource" button in the top right corner.

The resource list is displayed as a table with the following columns: Name, Group, Location, Product, Status, and Tags. The table is filtered by "Filter by name or IP address..." and "Filter by group or org...".

The table shows the following resources:

Name	Group	Location	Product	Status	Tags
Cloudant-vl	Default	Dallas	Cloudant	Provision in progress	

The table also includes a sidebar on the left with a list of resource categories and their counts:

- Compute (0)
- Containers (0)
- Networking (0)
- Storage (0)
- AI / Machine Learning (0)
- Analytics (0)
- Blockchain (0)
- Databases (1)
- Developer tools (0)
- Logging and monitoring (0)
